

PSNergy Awarded Contract to Install Total Combustion Solution at Tata Steel

04.17.2022 Erie, PA - PSNergy LLC, was awarded a contract with Tata Steel to install their Total Combustion Solution on all industrial furnaces. The TCS is designed to reduce emissions and increase furnace throughput by measuring, maximizing and maintaining energy input through the combustion process. The project will be completed by the end of Q2, 2022.

This IIOT solution consisting of Combustion Monitoring and Alerting is capable of delivering simple, yet actionable, combustion performance reports resulting in reduced equipment downtime. Radiant Tube Inserts will also be installed to absorb and radiate energy into the load. Together, this package makes up their Total Combustion Solution, proven to increase productivity and reduce emissions.
